DEAR CULVER ALUMNI AND ALUMNAE,

Welcome back to Culver! I’m so glad to be celebrating along with you on the beautiful campus we all remember so well. No doubt this weekend will evoke many great memories and provide opportunities to renew old friendships, but I also hope you will establish new friendships with your fellow alumni.

If it has been a while since you’ve been back, you likely will notice that campus has changed just a little bit. Most prominent right now is the construction of the new Main Barrack, which will anchor the new Roberts Residential District. Other highlights in the past few years include the new Roberts and Lauridsen barracks, the Schrage Leadership Center (where the motels used to be), an expanded and renovated Eagle Stadium, and, our latest addition, Schrage Field, which will be used for soccer and girls lacrosse.

Another recent change on campus is the announcement of Anne Schneider Kelley ’94 as Culver’s Director of Alumni Engagement. Anne has a long history with Culver, and I look forward to a long and fruitful collaboration between the Legion and Anne. She assumed the reins from Alan Loehr, who is now Culver’s Director of Stewardship.

As I close, I’d like to thank the Legion Board and everyone here at Culver. You make the magic happen, whether it’s in the classroom, on the field, or during Reunion Weekend! I extend a special thanks to our class volunteers as well, who give their time year-round to make sure this weekend is a memorable one for everybody.

Thank you for coming back to Culver. Have a wonderful Reunion Weekend.

YOU WILL NOTE MANY CHANGES to the campus since your last reunion. We look forward to you enjoying these enhancements to the Culver campus upon your return in the future.

Please obey all posted signs and fencing around construction areas for your safety as well as the safety of our students.

Construction continues on the new Main Barrack, the first major step of what will become the Roberts Residential District, part of the longer-term plan to consolidate residential life on campus. This project, thanks to a $75 million gift from George Roberts ’62, includes the construction of Main as well as North and East barracks. Also part of this area are the already completed Roberts and Lauridsen barracks.

The Schrage Leadership Center includes new spaces for classes large and small and is a transformative enhancement to Culver’s leadership program. It is situated on the west end of campus, on the former site of the Culver Motels.

Construction is also complete on Eagle Stadium at Oliver Field and Mendelson Track. This is a welcome addition to our athletic programs, with concession stands, locker rooms, and enclosed rooms for special events.

Culver’s newest athletic area is Schrage Field, located along Indiana 10 next to Wilkins Baseball Field. The new field is used for soccer and lacrosse games.

The young men and women at Culver can realize their vision for themselves, thanks to your support of the Culver Fund.

Make your gift to the Culver Fund at culver.org/giving or scan the QR code now and you will help ensure that current and future generations of Culver leaders in the making will provide the character and leadership the world requires.
